

Description: Storm Sentinel - Round / Square

Product Code: 22-1010 / 22-1011

Storm Sentinel - Round / Square

Product Features

The adjustable catch basin. A self-supporting unit that sits out of sight below your drain grate, the Storm Sentinel is one of the most effective ways of preventing sediment from entering the storm water system. The oil absorbent media inside ensures that small hydrocarbons spills are captured on the way through also.

Round | 22-1010

- Fits circular drains from 685mm up to 740mm
- Holds up to 20kg of dry sediment
- Holds up to 55kg of wet sediment
- Hangs 560mm into the drain

Square | 22-1011

- Fits rectangular drains from 406 x 580mm up to 711 x 914mm
- Holds up to 20kg of dry sediment
- Holds up to 55kg of wet sediment
- Hangs 560mm into the drain
