## Hazero Corrosive Liquid Cabinet – 30L

Product Code: 41-0801

### Benefits

Corrosive liquids have a big part to play in CIP (clean-in-place) systems. But they need next-level management and storage.

Having only exactly what is needed on site is best. (Some substances need dedicated storage even if they are only there for a few hours.)

This entry-level 30L Hazero cabinet is ideal when there is limited space and relatively few corrosive liquid containers. The cabinets are fully bunded, and two PVC spill trays help keep everyone, and everything safe.

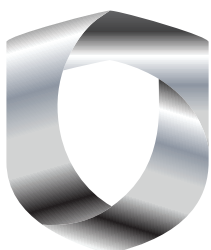

### Features

- New Zealand designed and fabricated
- Compact footprint
- Lockable, self-closing, easy access door
- Non-spark closure
- One adjustable perforated shelf (plus base)
- Two PVC spill trays
- Adjustable feet to keep everything stable
- Hazero Shield of Honour

### Specifications

- Supplied with Class 8 decals
- Built to comply with the requirements of AS3780.
- Weight: 50kgs
- Internal dimensions: 460 x 505 x 410mm (h,w,d)
- External dimensions: 795 x 600 x 500mm (h,w,d)

**NOTE:** Corrosives with lids which vent should be stored in a polyethylene cabinet to avoid vapor corrosion. Always ensure **all** corrosive liquid containers have their lids securely closed when storing.

The Hazero Shield of Honour is more powerful than a “lifetime guarantee”.

It means our reputation is on the line not only when a product is sold, but every single time it is used.

If the product doesn't meet your expectations over the next 99 years, we or our descendants (we're a multi-generational company), will refund, replace, or repair it. Free of charge.

You don't need a receipt. Or even a reason. No questions asked.

Naturally, that's so long as you use your Hazero product as intended and in accordance with existing legislation.

Shield your people. Shield your business.
